Welltec System (UK)

Mailfinisher LJ4300

On-line Desktop Pressure Sealing System with off-line capability

The Mailfinisher 4300 is an on-line pressure sealer for one stop print to mail processing with the added feature of being separated from the printer and being used as an off-line machine. Compatible with the HP LJ4000 range of printers makes this machine ideal for all types of applications.

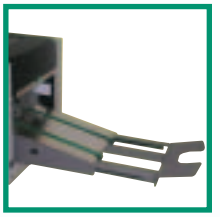

- Processing speeds of up to 55ppm on-line 6000 form per hour off-line
- Fold settings changed in seconds
- Auto start / Auto stop functions - offline
- In-feed capacity dependant on number of paper trays on laser printer
- Paper thickness sensor
- Digital batch counting & total count
- Exceptionally quiet
- Ideal for any office environment
- Fully compatible with the HP LJ4000 range of printers
- Cabinet available to allow for additional paper trays on printer

User friendly interface for on-line processing

detailed control panel with total and batch count as standard

Optional automatic extending conveyor activated by the number of forms processed

Maintenance

Welltec UK are able to offer annual maintenance contracts for added peace of mind. These consist of eight working hour response, all parts and labour, preventative maintenance and *free replacement machine if required. Alternatively a bespoke package can be tailored to your specific requirements. Please note: Maintenance contracts outside the UK may vary.

* Subject to maintenance contract
